YOUR SNOWKITE LESSONS

Learn the basics of snowkiting in the finnish Lapland. The concept of snowkiting is quite simple and you don't need to be an expert skier or snowboarder to enjoy the many sensations provided by the speed and the jumps this activity allows. A couple of lessons are usually enough for anybody to get the hang of the equipment.

Though physical at first, it is not as extreme as kitesurfing, and more generally, it takes a lot less wind to move you across the snow than if you were kitesurfing on water. Snowkiting is enjoyable on any type of snow: powder, sludge snow, ice (frozen lakes). This makes it a very flexible sport that can be practiced in many different locations as long as they are windy enough. Rest assured, snowkite beginners who already know how to kite and ski/snowboard will be able to manage on their first session!

Book your private guide

For an exclusive experience, indulge in a **private session** with Johann Civel, former snowkite world champion! Prepare for a day of adventure and embark on a kite skiing (snowkite) journey guided by his expertise. Explore the hidden corners of Serre Chevalier under his direction and relish in a memorable and unforgettable snowkite experience.

THE SPOT

Situated at an elevation of 2058 meters, the Lautaret Pass enjoys exceptional snow conditions from November to May, made accessible by a well-maintained road. Its privileged location ensures consistent winds and a vast open expanse for serene snowkite pursuits.
